

# Astrological Prediction Process - Stepwise Rulebook

## **Step 1: Judge the Bhava (House)**

- Check strength of Bhava.
- Check aspects from benefic or malefic planets.
- Evaluate Bhava lord placement.

## **Step 2: Assess Planetary Condition**

- Check if the planet is exalted, in own sign, or friendly sign.
- Identify if it's in debilitation, enemy sign, retrograde, or combust.

## **Step 3: Evaluate from Multiple Lagnas**

- Check from Lagna chart (D1), Chandra Lagna (Moon chart), and D9 chart.

## **Step 4: Check Karaka and House Strength Together**

- Strong house and strong karaka = full result.
- Weak house and weak karaka = no result.
- Mixed strength = partial result.

## **Step 5: Identify and Validate Yogas**

- Look for Rajyoga, Dhan yoga, etc.
- Check if lords are forming yogas and verify in D9.

## **Step 6: Analyze the Dasha**

- Judge Mahadasha (MD), Antardasha (AD), and Pratyantar Dasha (PD).
- Evaluate placement and sign condition of dasha lords.

## **Step 7: Relationship Between Dasha Lords**

- MD and AD should be friendly and well placed.
- Negative combinations cause obstacles.

## **Step 8: Gochar (Transit) Analysis**

- Check transits of running dasha lords.
- Confirm if transit supports predicted result.

### **Step 9: Special Transit Techniques**

- Use double transit of Jupiter and Saturn.
- Consider Mars and Moon for event timing.
- Use Rahu-Ketu's dispositors and co-placements.

### **Step 10: Intuition & Remedies**

- Use mantra, meditation and intuition to finalize prediction.
