Each house (Bhava) represents a domain of life and follows a natural zodiac order. 1st – Self, body, health 2nd – Wealth, speech, family 3rd – Siblings, courage, short travel 4th – Mother, home, happiness 5th – Children, intelligence, past life karma 6th – Enemies, disease, debts 7th – Spouse, relationships, partnerships 8th – Death, occult, inheritance 9th – Dharma, luck, father, higher learning 10th – Career, karma, public life 11th – Gains, income, desires fulfilled 12th – Loss, moksha, foreign travel

### ■ Bhava Karakas (Significators)

- Sun → 1st and 9th - Moon → 4th - Mars → 3rd and 6th - Mercury → 2nd and 10th - Jupiter → 5th and 9th - Venus → 7th - Saturn → 8th, 10th, and 12th - These signify which planet gives results of which house, regardless of placement.

### ■ House Lords & Interpretation

- If Lagna Lord is placed in Kendra (1, 4, 7, 10) → strong chart, stable life path - If Trikona lords (1, 5, 9) are strong → blessings, support of dharma - Malefics in Dusthana (6, 8, 12) → good for spiritual growth, not material - Functional malefics = 6th, 8th, 12th lords

### ■ Kendras vs Trikonas vs Dusthanas

- Kendra (1, 4, 7, 10): Pillars of life; physical and practical foundation - Trikona (1, 5, 9): Spiritual wealth; dharma and blessings - Dusthana (6, 8, 12): Suffering, loss, challenges; doorway to moksha if navigated well - Upachaya (3, 6, 10, 11): Houses that improve with time

### ■ House Strength & Affliction

- Affliction in Lagna = life imbalance - Strong 4th = inner happiness, stable mind - Weak 7th = relationship challenges - Malefics in 12th = possible spiritual inclination or foreign gains

### ■ Bhava Interpretation Logic (AI Rules)

IF 2nd Lord is in 12th → loss of family wealth or speech issues IF 10th Lord is in 5th → career in education, children's sector, or creativity IF 6th Lord is strong → good to defeat enemies, but stress-prone IF 8th Lord in Lagna → hidden traumas or spiritual awakening through suffering
